Cashen, the Mayor's brotherin-law, was crashed into by a trolley car of the Union Railway, at Woodland-ave, and Main-st. Inte Thursday night, while returning from a memorial service to the Manenester martyrs at which Mayor Dillon presided. The car was bound east, and was going at a high rate of speed, and it turned the carriage over on its side. Frightened by the impact the horses started to run away, and had it not been for the presence of mind of the ceachman, Thomas Savage, the inmates would have probably met with serious consequences. The ceachman, although thrown under the horses' feet, held on to the reins, and finally brought the team to a stop. Miss Dillon and the five children were taken out through the windows of the coach. She was painfully bruised, and it is feared that her back is also injured in a manner that may prove serious. The children were shaken up badly and cut with broken glass, and the carriage is a wreck. Judge Appell held that the court had no jurisdiction, as that had not been done in this case. Judge Schatz then adjourned the case, suggesting to the lawyers that they submit briefs.

# CANNED GOODS MAY GO UP.

PACKERS SAY THE MATERIALS HAVE ADVANCED SO MUCH THAT A RISE IS NECESSARY.

The Tribune yesterday, which told of a meeting of canned goods packers there for the purpose of raising the price of canned goods, aroused considerable interest in the wholesale grocery trade in this city. If the rise in price is decided upon it will not affect the retail dealers until next fall, but will, of course, have a more immediate effect

in the trade, owing to the vastly increased cost of tin and solder and gasolene, all of which are used extensively in the business. Tin alone has doubled in cost in the last twelve months, and the total advances on these three commodities now amounts to 10 or 12 cents on each dozen of two pound cans, it was said. Moreover, farmers are getting elight-phisher prices for their fruits and vegetables, and the country is well able to stand a rise, packers say, because of the widespread prosperity and the consequently increased demand.

A MISUNDERSTANDING WITH NICARAGUA OVER DOUBLE TAXATION OF AMERICAN

The amount in question, about \$6,000, was deposited with the British Consul there to await a final adjustment, but ish Consul there to await a final adjustment, but a misunderstanding has arisen between the Governments as to how the adjustment should be made. Nicaragua construes the agreement to mean that the local courts shall pass on the case. But the United States Minister to Nicaragua, Mr. Merry, recently addressed a communication to the Minister of Foreign Affairs taking another view of the arrangement. Meanwhile the matter remains open, and the authorities in Washington are turning their attention to it with a view to securing an amicable termination of the controversy and a

The matter has been somewhat affected by recent political developments at Bluefields, where the
Governor resigned and retired to the interior because of differences with the foreign colony. President Zelaya promptly filled the place by a military
officer, whose tact is relied on to restore good
feeling.

The Fasig-Tipton Company's auction sale of trotters was continued yesterday at Madison Square Garden with another large crowd in attendance. Nearly \$250,000 worth of trotting bred horses had changed owners when the hammer fell on the last bid last night.

There were no stars among the offerings yesterday, and the highest price of the day was only \$2,025, yet the average was highly satisfactory to consignors and auctioneers.

### BILLIARDS.

POGGENBURG WINS THE AMATEUR TOUR-NAMENT AT SLOSSON'S ACADEMY.

The final game in the amateur billiard tourns. ment at Slosson's Academy, Twenty-second-st. and Broadwdy, was played last night between Poggenburg and Stark, and the victory fell to Poggen-burg after a fast and exciting game by 309 to 204. Poggenburg showed splendid form from the start, and after the thirteenth inning he held the lead to the end of the game, which he ran out in the thirty-first inning, with an average of 921-31, only two innings outside of the amateur Class B record. Stark jumped off in the lead, and his run of 45 in the fourth inning gave him a good lead at first. It was not until his twelfth turn at the table that Poggenburg began to show his speed, and then he picked up 13, 23 and 24 in four innings. Stark struck a streak of unprofitable play soon after, and his antagonist kept on piling up the carroms.

Poggenburg got 36 in his twenty-first inning, and five innings later he gathered in 52, the best run of the evening. This gave him a big lead, at 262 to 152, and the end came quickly. Stark picked up to 152, and the end came quickly. Stark picked up two double figure runs after that, but it was of no use, for Poggenburg ran out the game a few innings later, winning by 16 points. His best runs were 52, 36 and 23, while the highest Stark made were 45, 25, 17 and 11.

The final standing of the players is as follows: Poggenburg (300), won 5, lost 0; Stark (300) won 3, lost 2; Keeney (280) won 3, lost 2; Townsend (280) won 2, lost 3; Muldauer (220) won 2, lost 3; Arnold (220) won 6, lost 5. The tie for second prize will be played off next week between Stark and Keeney.

WEST DEFEATS THE "COFFEE COOLER." "Tommy" West punished Frank Craig, the "Coffee Cooler," so badly at the Broadway Athletic Club last night that the referee, "Charley" White, inerfered in the fourteenth round, and stopped the fight. Craig has recently returned from England with a record of having defeated all England's pest men at his weight. His first battle here on his return was with "Tommy" Ryan, who knocked him out. him out.
West clearly outpointed Craig, and the result was never in doubt. He was the favorite at 160 to 50 when they entered the ring.
The preliminary was between "Andy" Daly and "Jerry" Marshall. It was declared a draw.

AMATEURS TO BOX IN JERSEY. The 4th Regiment of Jersey City will hold its second annual amateur boxing tournament at the armory, Bergen-ave. and Church-st., on December 14 and 16. There will be six classes—166, 115, 125, 125, 145 and 155 pounds. The winner in each class will receive a gold medal, and a silver medal will be given to the second man.
